Just A Farmer

Just a farmer, you said. And I laughed because I knew All the things that farmers must be able to do. They must study the land, then watch the sky And figure just when is the right time and why. To sow and to plant to buy and to sell To go to the market with cattle and well... You know the books that farmers must keep To pay all those taxes and be able to sleep. And you know the fixin' that farmers must do When machines like mad monsters blow a gasket or two. I guess when God needed folks to care for His earth He chose "just farmers" cause He knew their true worth .
